

Hello!

Thank you for your interest in applying to work at Cub Scout Resident camp this summer! Camp McLoughlin is located at Lake of the Woods in the Winema National Forest. We have a private waterfront, shooting sports range, 8 group campsites, and more! We are looking forward to a fabulous resident camp experience with our staff and guests.

You should know that Cub Scouts attending resident camp are between the ages of 7-11. Most come with their parents and/or scout leaders. Scouts look forward to this experience and will make life-long memories at camp this summer. Some will have worked hard to pay for this experience by selling popcorn or participating in other fundraisers. While you'll be at camp for four sessions, they only get one. Each session is the first and only week for them at camp and it is the staff's role to provide an excellent experience for our guests.

You should also know that the days at camp are long. Polar Bear swim starts at 6:30am and evening program some nights can go as late as 11pm. You will get tired. The scouts are young boys and girls and will probably get tired and cranky at some point during their experience. You will be expected to smile and have a great attitude, even when you're tired. You'll be expected to be on time for flags and staff meetings and meals. Your phone, if you have one, will spend most of the time in your pocket, not in your hand. We're looking for servant leaders.

If this sounds like something you'd enjoy being a part of, please fill out the Camp Staff application and return it via email.

Thank you for your interest in working at Camp McLoughlin, we look forward to meeting you.

Sara Crawford and Ross Boydell

Camp Director and Program Director
